

Gluten Free Information
Turkey MAC

This year we are thrilled to be able to offer our special holiday macaroni & cheese, the Turkey Mac, gluten-free!

We are able to do this as we are using gluten-free bread in the stuffing (Glutino brand). The gravy is made with a combination of potato and rice flour. As well, we are using turkey breast and cutlets, not turkeys that have been brined.

Please be advised that this restaurant contains the following gluten containing items and there is always a chance, however remote, of cross-contamination during normal kitchen operations involving shared cooking and preparation areas.

Regular Elbow Macaroni
Multigrain Elbow Macaroni
Cookies
Brownies

In addition, this information is based on the most current ingredient information from our food suppliers and their stated absence of wheat & gluten in these items.
